Accent Dance NYC presents a free multicultural community performance and interactive workshop at the Boys & Girls Club of Mount Vernon. The event will combine professional performances of West African dance and drumming, Hip Hop, Tap, and Chinese/Tibetan folkloric dances. The event also will include an accessible dance workshop, led by Accent Dance NYC's team of artists, drawing upon the styles, histories, and cultures of the performed works and providing a joyful, educational, and community-building experience for all.

Support for this Mid Atlantic Folk and Traditional Arts Community project performed by Accent Dance NYC is made possible by the National Endowment for the Arts.
