

Multicultural Dance Performances

Accent Dance NYC offers multicultural performances **tailored for your school or community center** that embrace the artistry, influence, and connection of dance styles from around the world.

- Our multicultural educational dance performances feature **professional dancers** from our concert dance company in a 45 minute assembly;
- Each performance weaves a narration about the **history of each dance style** and the culture from which it comes;
- The program includes a **demonstration** and breakdown of significant dance movements and opportunities for audience participation; and
- Performances are offered **all year long**.

Schools and community centers can choose a program featuring up to three of the following dance styles:

- **West African dance** with live drumming
- **Step dance**
- **Hip Hop dance** including breakdancing
- **Tango**
- **Latin dance**, including Salsa, Bachata, Merengue and/or Cumbia
- **Tap dance**
- **Classical Ballet**
- **Chinese traditional dance**
- **Broadway Jazz**
- **Contemporary Dance**

The fee for our multicultural educational performances range from \$1,700 to \$2,500 depending on the dance styles selected, the artists who will be performing, etc. “Double-header”, back-to-back performances also can be accommodated.

Thank you for your support in celebrating the stories and traditions behind these multicultural dances, which foster a deeper appreciation for our global culture and shared humanity.
